

20th Symposium for Foresight and Technology Planning

A forum for strategists.

» Strategic Foresight in Times of radical Uncertainty «

We look forward to contributions on these topics:

- Methods and tools of strategic foresight
- Digital transformation and networked value creation systems
- Human-technology interaction and the future of work
- Sustainable industries and the future of energy
- Approaches and instruments of security and resilience planning
- Exceptional approaches to foresight and technology planning

Important data:

- **May 15** Submit your topic proposal by briefly describing your idea in 2-3 sentences (svt@hni.upb.de)
- **August 19** Submission of the optional print version
- **September 30** Submission of presentations (PPT)
- **October 7-8** Event in Berlin

Information about the symposium and guidelines for authors can be found at:
